

HORSEFEED OF THE HIGHEST QUALITY

WWW.HORSEFEED.NL

Official Supplier

World Equestrian Festival
CHIO Aachen

1 FACTORY – 55 COUNTRIES

FAMILY-OWNED COMPANY

In 1845, the company was started by Godfried Kaanen, the ancestor of the current directors, in Vierlingsbeek. After the canalization of the river Maas, the company moved to Maashees in 1923. This ideal location allowed the necessary raw materials to be brought in by ship. Today, we can proudly offer a wide and versatile range of horse feed, which is fed by professional horse riders all over the world.

CERTIFIED PRODUCTION

Composing feed is our expertise. While doing so, we continuously strive for the best quality. All incoming ingredients, the entire production process and the delivery of products are subject to strict rules, to ensure safe feed of a high qualitative standard. In addition, our horse feed is extensively tested on a regular basis for various (FEI) competitions.

OLYMPIC QUALITY

We can safely say that HAVENS Horsefeed has proven itself in practice. At many international championships and events, HAVENS customers have won numerous medals and had many successes. One of these highlights can be seen on the picture on the right: Olympic gold for Jeroen Dubbeldam and de Sjiem.

PARTNERSHIPS

OFFICIAL SUPPLIER CHIO AACHEN

CHIO Aachen has been known for many years as one of the world's most prestigious equestrian sporting events. Many riders, young or old, dream of entering the grass arena of this fantastic competition and some even dare to dream of winning the Rolex Grand Prix. Since many years now, HAVENS Horsefeed has been the official supplier of the annual world equestrian sport event CHIO Aachen.

FED BY TOP RIDERS

HAVENS Horsefeed has been a well-known name in equestrian sports for many years. Many top international riders in various disciplines have been relying HAVENS Horsefeed for years. The international successes of our customers can no longer be counted on both hands. HAVENS Horsefeed is fed among other riders like: Willem Greve, Jennifer Hoffmann, Team Nijhof, Boyd Exell, Steffen Peters, Daniel Coyle, Jeroen Dubbeldam, Adelinde Cornelissen, and Sanne de Jong.

HAVENS GRAND-PRIX DRESSAGE PRIZE

The annual CHIO Aachen also hosts the HAVENS Grand-Prix dressage prize, where numerous international riders compete for the coveted victory. This prestigious prize has already been awarded to many well-known riders in the past. In particular: top rider Isabell Werth, who has already won this prize four times: 2007, 2008, 2010, and 2018.

FOUNDER OF PEELBERGEN

As founder of Equestrian Centre de Peelbergen, HAVENS Horsefeed is closely associated with this unique competition venue located in the south of the Netherlands. Riders all across the globe travel to Limburg to ride at this modern equestrian venue. With many and diverse events being organized here, HAVENS Horsefeed is immensely proud to be a part of it.

CHIO AACHEN VILLAGE

The village of CHIO Aachen forms an attractive and lively center, where visitors like to come to get a taste of the unique ambiance of the international equestrian event. The HAVENS Horsefeed-team welcomes you during CHIO Aachen in our stand. Visit our stand for questions about horse nutrition, unique exhibition offers, or to discover our latest HAVENS Horsefeed merchandise.

ACADEMY BARTELS

HAVENS Horsefeed has had a partnership with one of the biggest organizers of Dutch horse events, Academy Bartels, who have also been loyal HAVENS Horsefeed customers for many years. They organize one of the best-known equestrian events in the Netherlands, Horse Event. Where people from all disciplines come together for one common goal: their love for horses. Thanks to the wonderful collaboration, it is impossible to imagine this event without HAVENS Horsefeed. Besides Horse Event, you can also find HAVENS Horsefeed at many other fairs where our team is ready to answer all your questions about horse nutrition.

PROBLEM SOLVERS

GASTRO⁺

Oat-free

Gastro⁺ is a unique product with special additives to support good stomach function. It is a complete concentrate (7mm cube) with extra essential amino acids, high vitamination, and it is rich in high-quality oils. **Gastro⁺ was developed in cooperation with Equine Clinic Venlo, the Netherlands.**

FEATURES

Supports healthy stomach function

Blended with a special cocktail of sodium bicarbonate, calcium carbonate, magnesium, and additional probiotics to soothe the stomach and support a normal pH-value. This helps to regenerate the stomach lining.

Improved performance

Gastro⁺ is a nutritionally complete feed with a large selection of amino acids, vitamins (e.g. 400mg Vitamine E), and trace elements; providing your (sport)horse with all nutrients it needs.

Optimal digestive health

Oat-free and low starch formula. A high content of alfalfa promotes the chewing and saliva production. Alfalfa and saliva are both proven to buffer acidity in the digestive tract.

Anti-inflammatory effect

Extra oil is included that has an optimal omega-6 to omega-3 fatty acid ratio, which supports anti-inflammatory effects. Also, it provides slow releasing energy to support optimal performance.

According to international studies, about 60% of sport horses and over 90% of race horses have some degree of gastric ulcers. These horses often suffer from inexplicable complaints:

- Regularly recurring colic
- Frequently cribbing, teeth grinding or yawning
- Loss of healthy appetite
- Decreased performance
- Poor coat condition
- Weight loss
- Bloated stomach
- Soft or sour-smelling manure

PERFORMANCE 14

The Performance 14 is a special muesli with a unique combination of long-lasting and explosive energy to support both aerobic and anaerobic respiration. Additionally, it contains extra high-quality proteins and amino acids for muscle building, and Gastro⁺ to support a healthy stomach.

FEATURES

Performance 14 uses a unique combination of highly palatable slow and fast releasing energy sources to support high performance horses. The formula meets the requirements of anaerobic respiration and therefore provides instant energy to support power and speed. The extra oils and fibres enhance the stamina, resulting in a prolonged performance.

The high content of toasted soybeans is a source of proteins and essential amino acids, promoting muscle development and repair. For extra muscle support a high vitamin E level is added to facilitate the discharge of lactic acid and make the muscles more elastic.

Performance 14 contains banana flakes and extra electrolytes to maintain fluid balance, muscle contraction and neural activity. It is very important to replenish minerals that are flushed out via sweat in order to achieve high performance goals.

The added dried garlic supports the homeostasis and constant vital functions. Furthermore, garlic - rich in selenium and sulphur - supports the immune system and acts as a vital antioxidant with depurative effects on the blood.

Performance 14 contains Gastro⁺ pellets which is blended with a special cocktail of sodium bicarbonate, calcium carbonate, magnesium and additional probiotics to support the maintenance of normal acidity in the stomach. This supports a normal stomach function and helps to regenerate the stomach lining.

COMPLETE FEEDS

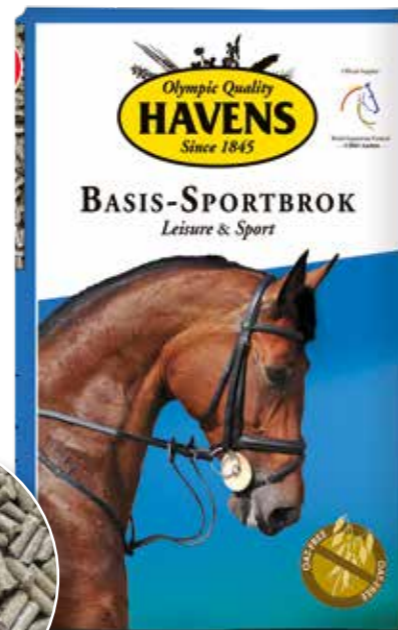

BASIS-SPORTBROK LEISURE & SPORT

Oat-free

A popular year-round choice for horses and ponies in rest or light to medium work.

- ✓ Complete condition pellet
- ✓ Oat-free formula
- ✓ Extra oil for coat condition
- ✓ Most chosen pellet by riding schools
- ✓ Excellent price-quality ratio

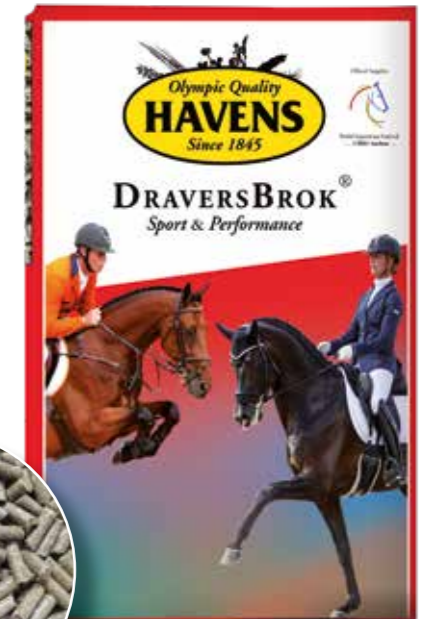

EXTRA INFO

DRAVERS BROK® SPORT & PERFORMANCE

No. 1 bestselling sport- and performance pellet (7mm) for all types of horses and ponies in medium to heavy work.

- ✓ Composed of natural and high-quality raw materials
- ✓ High protein quality content to support muscle tone and topline
- ✓ High in vitamins and minerals
- ✓ Supports vitality and optimal hoof and skin condition
- ✓ Also ideal for young horses that are still developing

EXTRA INFO

COOL-MIX MUESLI WITHOUT OATS

Oat-free

Special wide-range muesli with moderate energy content and very rich in vitamins.

- ✓ Oat-free, low in energy and low sugar content
- ✓ Contains a high content of natural spelt wheat that stimulates intestinal function
- ✓ Ideal for easy-to-feed horses thanks to its unique composition
- ✓ Also ideal for (sport) horses and ponies that quickly become temperamental
- ✓ As suitable addition for broodmares

EXTRA INFO

SPORT-MUESLI ALLROUND

Fully balanced allround muesli formulated for sport and performance.

- ✓ Supports good health and vitality
- ✓ High protein quality that is easily digestible to support muscle development and topline
- ✓ Decreases recovery time after intensive exercise
- ✓ Highly palatable muesli that is also ideal for young developing horses

EXTRA INFO

COMPLETE FEEDS

DERBY-COMPACT® TOPSPORT

Concentrated energy pellet (7 mm) for (top) sports, composed of many grains that supports increased muscle metabolism.

- ✓ Highly digestible in combination with high-quality proteins
- ✓ With special natural yeast for an optimal digestion
- ✓ Contains extra vitamins B and E
- ✓ Supports strong and elastic muscles, allowing horses to tone up better

EXTRA
INFO

POWER-PLUS MIX ENERGY-MIX

High-energy muesli for top performance, widely fed in intensive equestrian disciplines.

- ✓ Superb protein quality to support muscle tone development and top line
- ✓ Contains extra electrolytes: suitable for heavy sweating with intensive exercise
- ✓ Stimulates fat-free muscle mass

EXTRA
INFO

KENTUCKY LITE E GLYCOGEN-LOADING

Exclusive grain mix that provides an increased glycogen reserve for peak performance.

- ✓ High energy from carbohydrates
- ✓ With extra vitamin E to support muscle metabolism
- ✓ Suitable for horses that are prone to fattening

EXTRA
INFO

ENDURANCE 14 LONG-LASTING ENERGY

A premium Power & Protein muesli developed especially for horses in long-distance performance.

- ✓ Concentrated energy sources for a long-lasting and constant supply of energy
- ✓ High quality proteins (14%), essential amino acids and Vitamin E for muscle development
- ✓ Contains extra electrolytes to replenish mineral reserves
- ✓ Contains approx. 30% Gastro+, to support a healthy stomach function

EXTRA
INFO

THE GREEN VET HERBAL MUESLI

An aromatic smelling muesli based on hydrothermally opened cereals, carrot flakes, carob, and alfalfa. Additionally supplemented with natural herbs and essential oils.

- ✓ Low protein content
- ✓ Contains a luxurious herbal blend of eucalyptus, peppermint, thyme, marjoram and basil; beneficial for the airways
- ✓ Contains high levels of all necessary vitamins and minerals to support natural resistance and health
- ✓ A varying and extremely tasty composition

EXTRA
INFO

COMPLETE FEEDS

NATURAL BALANCE

Oat-free

MOLASSES-FREE TEXTURED MUESLI

A unique healthy muesli made of processed cereals, high in fibre, garlic, and very low (2.6%) in all natural sugars.

- ✓ Oat-free; ideal for (sport) horses/ponies that become temperamental quickly
- ✓ Fits perfectly into a low-sugar ration
- ✓ Optimal omega 3/6 ratio
- ✓ Extra fibre for optimal saliva production, important to support good stomach function
- ✓ Also ideal for seniors who can still chew properly

EXTRA INFO

SENIOR FEED

SENIOR CRUMBS

Grain-free

LIFETIME VITALITY FORMULA

Feeding and caring for an ageing horse can pose quite a few challenges. The overall physical condition slowly deteriorates. Their energy and nutritional requirements change and place higher demands on the ration.

The Senior Crumbs is a small pelleted feed (crumble), designed to meet the nutritional needs of horses in their golden years. It is grain-free, rich in vitamins and helps to maintain good health while the aging horse faces difficulties chewing and/or a loss of physical condition. It is also suitable for (young) horses who need to gain weight.

UNIQUE FEATURES:

GRAIN-FREE FORMULA!

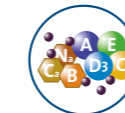

Highly digestible, rich in fibres and ideal for all horses that benefit from a grain-free diet.

Contains extra omega 3 and 6 fatty acids for a positive effect on the immune system and the coat, and to maintain suppleness and mobility.

Small pelleted feed (crumble) designed to soak to form a mash: easy intake and ready to feed within just 2 minutes!

Balanced levels of vitamins and minerals for optimal health and vitality. With extra B-vitamins and vitamin C.

A low starch and sugar content and high digestibility. Suitable for horses of all ages that require a diet of reduced starch and sugar.

High quality proteins (12.9%) to support muscle quality and maintain body weight.

EXTRA INFO

EXTRA VIDEO INFO

SLOBBER-MASH

Oat-free

SHINE AND VITALITY

Very tasty, oat-free mash, rich in bran, flaked cereals, and flaxseed.

- ✓ Easily absorbable and digestible, also suitable for seniors
- ✓ For extra shine and condition, supports topline development
- ✓ Promotes good intestinal passage
- ✓ Ideal to gain/maintain horses' weight
- ✓ Tip: extra tasty with water, but can also be fed dry

EXTRA INFO

GRAIN-FREE FORMULA!

Highly digestible, rich in fibres and ideal for all horses that benefit from a grain-free diet.

Contains extra omega 3 and 6 fatty acids for a positive effect on the immune system and the coat, and to maintain suppleness and mobility.

Small pelleted feed (crumble) designed to soak to form a mash: easy intake and ready to feed within just 2 minutes!

Balanced levels of vitamins and minerals for optimal health and vitality. With extra B-vitamins and vitamin C.

A low starch and sugar content and high digestibility. Suitable for horses of all ages that require a diet of reduced starch and sugar.

High quality proteins (12.9%) to support muscle quality and maintain body weight.

Tip: Does the horse have trouble consuming roughage? Then we recommend combining the Senior Crumbs with soaked Fibre Dice.

More information about this product can be found on page 16.

EXTRA INFO

FERTO-LAC 3 SPECIAL BROODMARE PELLETS (7 MM)

- ✓ With Multi-Calcium-Complex, extra copper and additional amino acids to aid in proper bone growth and promote balanced development of the foal
- ✓ Increased energy and protein levels to support an optimal milk production and balanced growth of the foal
- ✓ Due to its unique composition in combination with the high protein content, it is also suitable for (future) stallions
- ✓ If desired, the Ferto-LAC 3 can also be fed throughout the whole pregnancy, depending on the quality of the roughage

FEEDING GUIDELINE	Body weight mare	
	400 kg	600 kg
FERTO-LAC 3		
Pregnancy 1 st – 8 th month	1.0 - 2.5 kg	2.0 - 3.5 kg
Pregnancy 8 th – 11 th month	1.5 - 3.0 kg	3.0 - 4.5 kg
Lactating 1 st – 3 rd month	2.0 - 4.0 kg	4.0 - 6.0 kg
Lactating from 3 rd month	1.0 - 3.0 kg	2.5 - 4.5 kg

To be fed alongside sufficient roughage and clean drinking water

EXTRA INFO

OPTI-GROW FOALSTARTER (5 MM)

- ✓ The Multi-Calcium Complex and the additional amino acids support a balanced development of the foal's skeleton and muscle mass
- ✓ Enriched with high-quality protein and milk powder
- ✓ The high palatability and the reduced diameter (5mm) ensure an easy intake at a young age
- ✓ To be fed up to the age of 18 months, after that we recommend the DraversBrok®

FEEDING GUIDELINE	Future body weight foal	
	400 kg	600 kg
OPTI-GROW		
At weaning (6 th month)	Build up to 0.8 kg	Build up to 1.2 kg
Weaning to 12 th month	0.8 - 1.4 kg	1.2 - 2.0 kg
From 12 – 18 months	1.2 - 1.6 kg	1.8 - 2.4 kg

To be fed alongside sufficient roughage and clean drinking water

ROUGHAGE

HAVENS MIX 15 kilo

HAVENS MIX is a universally applicable roughage mix consisting of timothy grass, alfalfa, linseed pellet, and is sprayed with extra linseedoil. The HAVENS MIX is extremely suitable for upgrading roughage rations and extending horses' eating time (mixed under concentrate feed).

- ✓ Free of molasses, grains, and grain byproducts
- ✓ Source of high quality proteins (14%) and amino acids
- ✓ Optimized calcium/phosphor ratio of 2:1
- ✓ Low in sugars (7%) and starch (2.4%)

EXTRA INFO

HAVENS BRIX 14 pcs

HAVENS BRIX consist of compressed blocks of pure alfalfa and mint, ideal both as a reward and to upgrade the horse's ration. The HAVENS BRIX works like the well-known brick/stone in the feeding bucket and helps prevent gobbling.

- ✓ Free of molasses, grains, and grain byproducts
- ✓ Highly digestible proteins (16.5%) and essential amino acids
- ✓ Low in sugars (5.7%) and starch (2.4%)
- ✓ Dried mint leaf
- ✓ As a distraction or against boredom

EXTRA INFO

HAVENS FIBRE DICE 17,5 kilo

HAVENS Fibre Dice with apple is ideal to supplement or upgrade roughage rations and also as a healthy treat. These highly palatable chunks consist of chopped Timothy hay, alfalfa and dried apple pieces.

- ✓ Free of molasses, grains, and grain by-products
- ✓ Extra large chunks for as much structure as possible; lots to chew on
- ✓ Low in sugars (5%) and starch (1.5%)
- ✓ Hot air-dried; free of dust and mould

EXTRA INFO

SUPPLEMENTS

EQUIFORCE

EQUIFORCE is a range of highly concentrated nutritional supplements for horses and ponies, formulated from 100% natural ingredients with proven results. Only the highest quality ingredients are included in these products, such as chelated trace elements, encapsulated/coated vitamins and amino acids.

EXTRA INFO

scan me

EQUIFORCE MAGNESIUM *Bestseller*

EQUIFORCE Magnesium contains the highest possible content of pure magnesium, magnesium oxide, which is very important for the muscle- and nerve function of the (sport)horse. It is an ideal supplementation for horses or ponies that tend to tense up in stressful situations.

EXTRA INFO

EQUIFORCE E+ *Bestseller*

EQUIFORCE E+ is a supplement of concentrated natural vitamin E with added chelated selenium, magnesium, and 6 essential amino acids that support and enhance the effect of vitamin E. It provides an excellent protection of the muscle cells against oxidative stress during exercise.

EXTRA INFO

EQUIFORCE ZINC & COPPER *Bestseller*

EQUIFORCE Zinc & Copper is a concentrated and easy absorbable supplement of organic chelated zinc and copper, added natural vitamin E and organic chelated selenium. It supports the protection and recovery of healthy skin from the inside.

EXTRA INFO

FEED GUIDELINE

FEEDING QUANTITY

It is important to feed a diet and quantity that matches the lifestyle and needs of the horse.

A general guideline for the recommended total amount of concentrates per day:

- For maintenance and basic sport: 0.2 to 0.5 kg per 100 kg bodyweight
- For (top) sport: 0.5 to 0.75 kg per 100 kg body-weight

Due to various factors such as breed, body weight, age, exercise and quality roughage, etc. one can deviate from the above guidelines if needed.

EXTENSIVE ADVICE

Still have questions or need extensive feed advice?

Contact us through the following channels:

- Write us a personal message on Facebook or Instagram: @havens_horsefeed

GENERAL FEEDING ADVICE

- Divide the feed ration (roughage and concentrate) into several small portions a day to allow the digestive system to function optimally.
- Horses are creatures of habit and therefore need consistency in feed composition and fixed feeding times.
- Feed according to performance: the proportion of concentrate may be reduced on days with little or no training.
- Feed good roughage, that is dust-free. The recommended quantity is approx. 1.5% of body weight per day on a dry matter basis.
- Make sure the horse always has access to fresh drinking water.

- Write us an e-mail: info@havens.nl
- Contact us by phone (Mon-Fri from 09.00 - 12.00 and 13.00 - 17.00) Tel. 0031 478 638 238

POWERED BY HAVENS

ADELINDE CORNELISSEN

'HAVENS Horsefeed has been a loyal partner that me and my horses have been able to rely on for many years now. The feed is of high quality and keeps my horses fit. Every horse is different and has different needs, together with HAVENS Horsefeed I can support every horse in the best possible way. With my top favourite being Gastro+ which ensures my horses are always in perfect shape to perform.'

WILLEM GREVE

'Engaging in top sport demands a lot of management to keep my horses as fit as possible at all times. HAVENS Horsefeed is an important partner with whom I can consult to optimize the feed management for each individual horse. A very important partnership for me to keep my horses healthy and fit.'
